Pharmaceutical & Health

Workers in the pharmaceutical & health industries can encounter a variety of different hazards to their eyes and vision. Potential hazards include:

- ✓ **Extreme temperature changes**
- ✓ **Sharp objects**
- ✓ **Airborne microparticles***

*Not for use in areas where high levels of airborne solvents are present

Protecting eyes from airborne microparticles.*

Providing eyes safety from sharp objects.

Guarding eyes against extreme temperature changes.

The PSG Difference in Pharmaceutical & Health
